There's nothing like working up a good sweat, is there? Now that summer's in full swing we had a job on trying to keep most of this month's line-up looking presentable, as Stella, Tylar, Tiff, Jo and Sandy all headed outside to soak up some rays and work themselves into an alfresco frenzy. Like the professionals we are, however, we made sure somebody was always to hand to dab on a bit of powder in case any of the girls started to get a bit too shiny (hey, it's a tough job, but someone's got to do it!), meaning that they all looked just as fuckable after a few hours out in the sun as they did before they started. Still, you don't need to go outside to get all sweaty, as Chanta was all too keen to prove. Alright, so peeling your clothes off and sprawling about is probably not the most rigorous circuit training routine about, but believe you me, she looked plenty hot enough to us… – **The Ed.** ♣

TWIN PEAKS

I had to take a second glance at Jan and Celine, the two blonde lesbians in last month's issue, because I seriously thought they were twins. It wasn't after a very close inspection (if you know what I mean!) that I realised they weren't. Mind you, it was pretty stupid of me to think that in the first place as I'm sure there are laws in this country that would make that sort of thing illegal. Nevertheless, Jan and Celine make a great pair although I wouldn't turn down the chance to catch a glimpse of either of them on their own.

DIRTY DISCOVERY

My boyfriend has been reading your magazine for years, although he took some time to admit to it after I discovered his stash of porno mags a few weeks ago. He pretended they weren't his at first because he was worried I might dump him for buying them. Little did he know that I've got nothing against pornography, in fact when I'm surfing the web I quite like checking out some of the dirty sex sites.

Once he had admitted that they were his magazines I told him not to worry and since then we've looked through the magazines together. It's quite a good thing to do because you get to learn what really turns him on and so if he likes a girl wearing a particular type of underwear I'll know to buy something similar the next time I'm shopping and then I can really surprise him!

The last time we went through one of his magazines together we read some of the dirty letters that your readers send in and I told him I'd love to write a letter in to *Club* and see it printed. The thing is I don't know how dirty the letter should be so that you print it so I just thought I'd write and tell you how much I love sucking cock.

My boyfriend has a generous eight-inches and I love to roll back his foreskin and swirl my tongue around the end until I can see him getting really excited. Then I'll shove the whole lot in my mouth. Because it's so big it goes right to the back of my throat and this really turns me on. Once I start sucking on his dick I usually can't stop and more often that not he'll end up shooting his load in my mouth so we have to have a little break while his cock recovers before he's ready to fuck me.

Once, I spent the whole night sucking his dick and must have swallowed a fair bit of his spunk. Fortunately I'm one of these girls who really likes the taste of it so I don't mind swallowing it. It seems a waste if you just spit it out.

Hopefully, I've gone in to enough detail to convince you how dirty I am and you'll print my letter. If not, I'll write another one telling you about the first time I let my boyfriend do me up the arse!

Naomi, Rotherham

We're convinced. But please, feel free to tell us more next time! – Ed.

CLUB CLASS

Congratulations on another fine issue of your quality mag. I have to say Stella was looking on top form. It's nice to see her when she's lounging by a pool in a sexy bikini but I much prefer it when she's all dressed up for a night on the town and in that black dress she looked simply stunning. That's what I love about your magazine, it's so classy and Stella has to be the classiest girl in it. Get her to dress up in more elegant outfits (and then obviously undressed) and I will be more than happy and I'm sure a lot of your readers will be too.
Shane, Leek

Demi were breathtaking. I've not seen her in your magazine before, or any other titles, so I'm assuming she is new to the scene. Well, all I can say is I hope that she sticks to the porn career as I would love to see more of her and I'll be buying every edition of *Club* from now on in the hope of seeing her again.
Graeme, Newport
You weren't the only one singing Demi's praises and we can't blame you – the girl is hot. If you can't wait for your next fix of this fine filly then get yourself on the web and check out her video at www.sexclub.co.uk.

I've always been a boobs man but my latest conquest has converted me to legs. Michelle has got such a great pair of pins that I'm totally obsessed with them and now I'm crazy for any girl with a nice set of legs.

TIFFANY

Now that the so-called British summer is with us it would probably be advisable to make the most of the limited amount of sunshine while it lasts and take a trip to the countryside. If you're lucky enough to have a motor anything like the Ed's little MG, then why not peel the roof off for the first time this year, and if you're really lucky, leave the passenger seat free for a hot babe like Tiffany…

"I'm not one of these girls who is turned on by fancy cars, but I do like riding in a convertible. Speeding down a country lane with the wind blowing through my hair really gets me wet down below. I've been known on several occasions to relieve myself while I'm driving – although it is a bit dangerous so I prefer to be the passenger. The only thing with that is, when I start playing with myself in the passenger seat the driver gets a bit distracted and before you know it he's looking for the nearest place to pull over so that he can help to relieve me!" ♣

GREAT LEGWORK

The last issue of *Club International* was a leg lover's dream what with Edie in her fancy white stockings and the Reader's Girlfriend Franky in her fishnets. I find the legs are the most sensual part of a lady but you always seem to focus on the breasts, bum or vagina. So I was naturally more than pleased with the attention Edie and Frankie's legs got. I wish more gentlemen appreciated the sight of a dashing pair of pins.

ing a lot of time together. Michelle's not a bad looking girl, a bit tall for my liking and not much in the boobs area but she was great company. Anyway to cut a long story short we went to a party one night and I ended up getting off with her in the bathroom.

She was a pretty good kisser and obviously not too inhibited as she had her hand down my pants before I'd even thought about touching her boobs. I wasn't going to stop her and let her take the lead as she unbuckled my belt and undid my jeans. Within minutes my jeans and pants were round my ankles and Michelle was wanking me off.

When I was nice and hard she started sucking my dick. Her eyes peering into mine as she took my length to the back of her throat. I grinned with pleasure and just enjoyed the moment as Michelle really went to work on my stiff cock. She had a pretty good blow-job technique which involved running her tongue over the entire surface of my penis, paying particular attention to my sensitive knob.

Michelle was putting in so much effort I started to feel a bit guilty, not to mention curious as to what she looked like in the nude, so I told her to take a break from sucking me off and to get undressed.

Standing up, Michelle began to strip off right in front of me. She took the tight vest-top she was wearing off and I saw her tits. To be honest, they were disappointingly on the small side for my liking but the best was yet to come. She unbuttoned her jeans and pulled them down to reveal the most slender pair of legs I had ever seen. Not only were they perfectly formed, they were also incredibly smooth and well-tanned. She turned around and I saw the tiny black thong she was wearing wedged deep in her tight arse crack prompting me to grab her by the hips and examine it closer.

Pulling her attractive rear as close to my face as possible, I began to bury my tongue in her crevice, licking along the thong. She pushed her arse out so I could really get stuck in and wiggled her bum at the same time. I ran my hands up and down her legs, absolutely loving the smooth touch of them and pretty soon I was running my tongue up and down too.

After covering almost every inch of her legs with my tongue I lay down on my back on the bathroom floor with Michelle standing over me. Then very slowly she lowered herself on to my face. Pulling the thong to one side I pushed my tongue into her pussy, which was also incredibly smooth. By this time Michelle was nice and wet and my saliva mixed perfectly with her succulent pussy juices.

As she wriggled and jerked her snatch over my face I continued to caress her legs. Just touching them was so addictive. When Michelle started rocking back and forth my face got saturated with the sweet scent of her pussy cream and I became desperate to fuck her. With my instruction she raised herself off me and we hastily lay down some towels to make it more comfortable for her. Then she got

HOT 'N' STEAMY

After purchasing last month's copy of *Club* I'm writing to tell you how pleased I am that you guys aren't governed by all this politically correct madness. I am, of course, referring to the pictures of the ravishing Nikki doing the ironing. I'm sure in any other magazine the sight of a woman doing housework would be labelled as sexist and they'd probably have to get some male model in just so they don't upset anybody. But I was delighted that you stick to your guns and had a gorgeous babe doing the ironing, I just wish I had a girl like Nikki ironing my smalls!
Dave, Bedford
Thanks, Dave. Even if we didn't have Nikki doing the ironing in our mag we'd probably still get complaints from some sections of society. Look out in future issues for Stella doing the hoovering, Sandy cleaning the bathroom and a two lezzas darning socks. Maybe *– Ed.*

on her back and spread her superb legs as wide as they would go in the confines of the bathroom.

With my prick aching to get wet I knelt between her legs, teasing her pussy hole with my finger before lining up my knob with her slit. She begged me to stop wasting time and just put it in her so how could I let her down? With one firm thrust I sank at least half of my length into her tight fanny.

As soon as I was buried to the hilt, Michelle wrapped her legs around me as tight as she could, instigating a rhythm.

She had a tight pussy but it was so lubricated from earlier that my cock slid back and forth inside it easily enough. I could feel her wetness on my dick and the squelching sound emanating from down below proved just how moist she was.

As I continued to fuck her I couldn't resist having a feel of her legs, so taking all my weight on one arm I stroked her legs with my free hand. As I did this she clamped them even tighter around me, forcing me to really pump hard. My attention to her legs obviously had some effect as Michelle indicated that she was about to climax. I didn't let up, I just kept thrusting as she started wailing like a banshee and telling me how good my cock felt inside her.

When her orgasm passed her legs relaxed and I grabbed them by the ankles, holding

"The come spewed out of my dick and shot all over her legs"

them as far apart as I could while I continued to slide my dick in and out. I think it was at this point I became a leg convert. I could see and feel how nice they were. There was something so sexy about them that really got me going especially when I hooked them over my shoulders so I could kiss the back of them and begin to fuck her deep again.

I must have been pumping Michelle as hard as I could for the next five minutes until I felt the stirring in my balls. I quickly slipped my prick out of her pussy, held her legs together and then wanked myself to a climax. The come spewed out of my dick and shot all over her legs, the white cream trickling down her long smooth pins was a delight to witness. What was even more delightful was when Michelle ran her fingers down her legs to scoop up my spunk and then feed it to herself. She looked like she genuinely liked the taste of my sticky mess, which pleased me no end.

Since that incident I've been seeing quite a bit of Michelle, and plenty of her legs. I've got her to dress up in all sorts of things before we have sex – hot pants, stockings, knee-high boots, basically anything that highlights her fantastic legs. As for tits, I can take them or leave them, I'm a definite leg man now! I reckon any other *Club* readers who prefer tits should find a girl with a fantastic pair of legs and see if they can be swayed. Trust me, they won't regret it!

JJ'S GOTCHA!

I buy your magazine every month and you always come through brilliantly with beautiful girls. Then an absolute stunner comes along. One that is just my type and causes me to read your magazine over and over again. I am talking about the sensational Jesse Jane who appeared in 36.6. She is all round perfect – body, face and legs. Basically she has got the wow factor, so thanks for sharing her with us. Also, I'd love to see more models wearing boots on your pages. If you get Jesse Jane to wear them that would be even better. Your magazine is 100%, keep the good work up!

"I definitely like to gulp it down," was Lisa's answer to the first question we ask all our models. "I hate it when a guy shoots his load in my pussy or up my bum. I obviously don't hate them fucking either hole first but I'm not satisfied unless I've got a mouth full of come.

The LOWDOWN

It's all here – from scraping from the world's newsbins, to top tips and fanciful facts. If you want to keep your finger on the pulse, you'd better get... the Lowdown!

Aye, lads... there's

NOWT AS QUEER AS FUCK

AEROPLANE DOWNED BY TOXIC EMISSIONS

When an American Airlines flight recently made an emergency stop in Nashville, Tennessee because passengers had reported the smell of burning matches in the cabin, a red-faced female in a windowseat was found to have been lighting them in an effort to cover the stink of her uncontrollable farts.

Meantime, here in the UK, the owner of Thirsty Kirsty's pub in Dunfermline, Fife, has banned 35-year-old regular Stewart Laidlaw following numerous complaints from other patrons about his excessive and continual flatulence. An astonished Mr Laidlaw said no one had ever complained about him "letting off a' the time" before, but conceded that this was probably because, prior to Scotland's smoking ban, cigarette smoke had been masking the horrific and unconscionable stench.

WHERE DOTH THE ARSE END AND THE BUTT-CRACK BEGIN?

At a recent special session of Arizona's Court of Appeals, judges listened to a series of bizarre arguments as to whether a bag of methamphetamine had been legally seized by police who had a search warrant but not the authority to inspect body cavities.

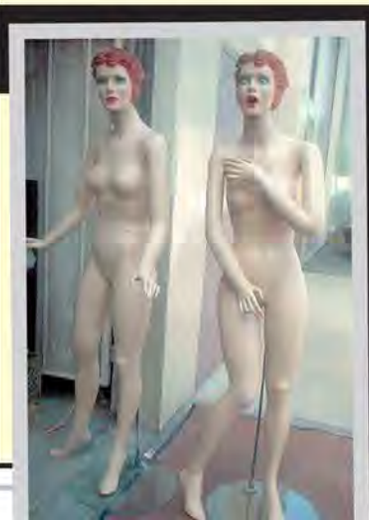
The bag of illegal drugs had been partially protruding from the stripped defendant's arsehole, and an officer had pulled it out... and the defence lawyer argued that pulling the bag of drugs out of his client's hole was an invasion of privacy.

The prosecutor, however was more than a match for his counterpart. Claiming that the bag was "in plain sight" and "would have fallen out eventually", and that, furthermore "'the buttocks'[sic] is just the bell-end of the trumpet", he asked the judges: "Where does the butt end and the anus begin?"

He then added: "Frankly, your honours, I don't think you gents want to go there..."

CASH FOR PILES SCHEME

According to a Scripps Howard News Service report, at a time when the returning US wounded from Iraq and Afghanistan are meeting bureaucratic delays in getting their own disabilities properly compensated some 124,000 veterans from previous conflicts are receiving monthly cheques because they suffer from haemorrhoids. Go figure.



"STATUEPHILIA"

Thirty-nine-year-old Michigan loony Ronald Dotson recently pleaded no contest to attempting to break into a store in order to steal a mannequin outfitted in a French maid's uniform. Authorities said that this was his seventh "statuephilia"-related offence in 13 years.

"I thought I was getting my life together," he told the judge, even though his arrest came only days after he was paroled for the sixth "statuephilia" offence.

One of the previous arrests involved an apparently irresistible "female dummy" in a pink dress and bobbed hair, and in another, he was found in an alley "partying hard" in the nude with three lingerie-clad mannequins.

URBAN LEGEND...

...OR HARD FACT? YOU DECIDE!

So... which of these software moguls - if any - had the teenage son who desperately needed a new cock?

THE TYCOON'S SON'S WITHERED COCK

A callous software mogul (who must remain nameless) had a secret sorrow. Despite the fact that even the government would jump to attention then grovel in the muck at his tiniest whim his only son – a young lad in his teens – was diagnosed as having a congenital degenerative penis defect. After some discussion, the doctors in the hospital told the evil Playstation game tycoon that a transplant was the dear boy's only chance.

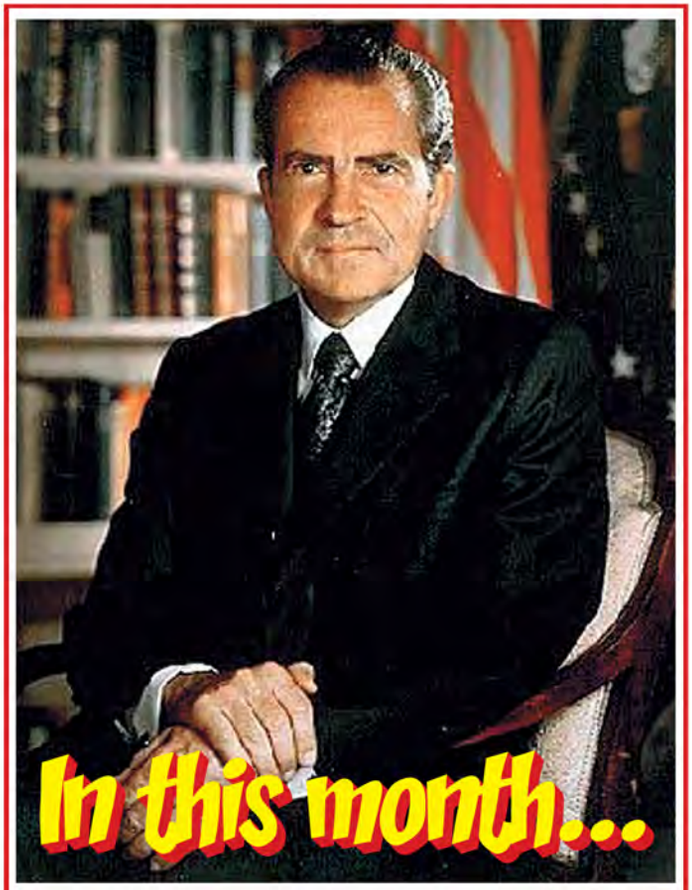
Weeks passed and the boy's already desperate condition worsened – but, alas, no donor could be found due to the youth's extremely rare blood type. The mogul became frantic, and was frequently not seen in private, pacing the massive chambers of his mega-bungalow and wringing his hands, and, eventually, those of his servants.

One night, a poor scruffy teenager who'd been sideswiped by a car was rushed into the tycoon's local hospital Accident & Emergency with a broken leg and a nasty cut on his thigh. He had lost a fair amount of blood and required stitches. Suddenly, in the Emergency Room, a surgeon blurted: "This boy has some cock on him – and what's more, he has the same blood type as the callous software mogul's dying son!"

Dead silence. The A & E team exchanged looks, then one made a phone call and repeated a bank account number into the mouthpiece. Meantime, a male nurse locked the door and the team held the boy down while two of the blokes held a pillow over the youth's face. Immediately, the heart monitor emitted a flat whine. The team sliced his groin open or whatever doctors do when they're thieving your knob post-mortem and that was that.

The A & E staff all handed in their notices in the course of the next week and the mogul's son got a good-sized, working, healthy cock.

Moral: Always do your curb drill and look both ways before crossing the road.



In this month...

33 YEARS AGO

1974. In the face of an imminent impeachment trial over the Watergate affair, 37th U.S. President Richard Nixon hangs up his spurs.

"I must put the interests of America first," 61-year-old shyster Dickie lies after more than a year of trying to squirm out of being charged by the House Judiciary Committee with "high crimes and misdemeanours" stemming from a 1992 break-in at the offices of the Democratic National Committee in Washington's Watergate complex. "I'm not a crook."

The Watergate break-in was traced to members of a Nixon-support group, the Committee to Re-elect the President, appropriately known as "C.R.E.E.P.". The infamous Whitehouse tape recordings of presidential conversation subsequently showed that Tricky Dicky had tried to influence the police investigation into the crime, but never mind... the public having the memory span of a goldfish, by the mid 1980s Nixon is being hailed as America's greatest living elder statesman.

The moral? Given a little time and a few major connections, in the long run you can basically get away with doing whatever the fuck you want without any loss of integrity.

143 YEARS AGO

1864. Union forces battle their way into Atlanta, Georgia, and burn the place, setting the scene for the diabolocal 1940 flick *Gone With The Wind*, the bad acting of Vivien Leigh and Clark Gable's one and only decent line in a colour movie.

Cheers, Clark: Scarlett O'Hara weeping and 1860s Atlanta destroyed? – Na, we don't really give a rat's arse either.

TOP TEN...

...WAYS TO AVOID HAVING YOUR PRIVACY AND PERSONAL FREEDOMS INVADED IN THE NEW ORWELLIAN BRITAIN

1. Stay off the streets and out of the parks so as to avoid being continually photographed and filmed. The UK now has far more cameras watching its population than any other country in the world – a fact which is causing some astonishment abroad.

2. **Have your eyes removed in order to defeat retinal scans. A spoon behind each eyeball and a quick twist and as far as a retinal scanner's concerned you could be absolutely anybody with a guide dog and a white cane. This way the last laugh is still yours.**

3. Ask a friend or significant other to chop the top joints of your fingers with garden shears so as to preclude the possibility of being identified by your prints. When you heal, in a few months, you can do the same for them. Meantime there's no need to wear latex gloves – just the bandages will do fine on their own.

4. **Disguise yourself comprehensively and differently each day. Beard one day, specs one day, as a blonde woman the next and so on till arrested for frightening people. It's well worth the trouble, since, when they pick you up at last you can taunt them by asking: "Yes, but WHO is taunting people?" And, if you've been careful, the rozzers might not immediately know. Gotcha! One-nil.**

5. Try not to give away your thoughts such as "I have a bad feeling about this" when the men from the ministry arrive to fingerprint your school-age children. Your house may already be bugged.

6. **Stop smoking when the government tells you. Just like that. Of course. Just stop altogether, with no withdrawals or side-effects. Chew some gum that's made of nicotine (the world's most addictive poison) in it. Nobody cares if you get off the gum. What MUST STOP is the smoke. Because smoking is dirty. And costs the NHS, which is not properly funded, a lot of money. Money which could be much better spent on Gender Reassignment Surgeries for people who actually require psychiatric help not surgery and to hell with people waiting on replacement hearts, kidneys, livers and hips.**

7. Go around quoting The Sun – or The Star, Maily Dail, etc – and agreeing loudly with their editorials. No-one in authority will ever guess that you're hiding a fully functional (and therefore potentially subversive) brain inside your skull.

8. **Begin preparations to defend yourself against the made-in-Taiwan-type cheapo Terminator that a future British government may send back through time to kill you in case you might be destined to lead the resistance against The Smoking Ban.**

9. Buy an Oswald Mosely black shirt and a Swastika arm-band and goose-step up and down the country with everyone else who desperately wants to feel superior and doesn't mind being filed, stamped, indexed, briefed, debriefed and numbered. It's far more of a power trip than participating in the London Marathon and you can do it every day of the year.

10. **Emigrate while you still can, trying not to mutter tearfully "What the fuck just happened to this country?" as they run a barcode scanner over your forehead at the airport. ♣**

This Month: CAMERAS

Technological essentials for the 21st century chap. JACK BRAND picks out the good, the bad and the ugly of the gadget world...

One of the most infuriating things about technology, as far as those who aren't independently wealthy are concerned, is the fact that it changes so often. Take the TVs we looked at last issue – as soon as you'd bought your flatscreen CRT, the plasma and LCD appeared, then the HD ready plasma and LCD, and now the full HD plasma and LCD. The fucking things are practically out of date the minute you finish paying for them at the till. And unfortunately this tends to be the story across the board when it comes to gadgetry, so you may as well either get used to it or go and live in a cave somewhere and be done with the entire technological revolution like the latter day Luddite you so clearly are.

However, there is one new technology that won't cunt you about constantly: digital cameras. You see, whereas the TV is an evolving technology that has been fiddled with over and over to arrive at the current state, digital cameras are completely different to their conventional forebears. While your old film snapper relied on mechanical and chemical processes, digital cameras use a built in computer and record images entirely electrically. What this means then is, while megapixel rates will continue to climb and fancy new effects will be added, if your digital camera can stump up pics around 3-megapixels in size upwards and you're not vying to be the next David Bailey, you'll probably never need to upgrade it.

And the second great thing about digital cameras is, unlike the fucking and farting around of having film developed, you'll never have to suffer the crushing embarrassment of watching the spotty gimp at Boots' photo lab smirking at you having just been through your pics and seen those 'candid' ones you decided to take during that drunken night in Majorca.

So, there's the case for digital cameras. Now, what do you need to know? Well, come with me and we'll see what develops... "develops" – get it? Ha, ha! I'm fucking brilliant, me!

THE ESSENTIAL KIT

Casio Exilim EX-Z1050
Price: £250
Stockists: www.casio.co.uk
Here's a fine example of value for money. This latest model from Canon's, erm, canon is a compact, svelte snapper that, despite the low price tag, gives you 10-megapixels to play with and a 3x optical zoom – a set up largely unheard off in a model of this size and price.

Add to that a flash that's powerful enough to blind everybody in a previously darkened room, a respectable shutter speed for a compact, a large LCD display and a simplicity of use that could get even the most cack-handed of photographers shooting excellent pics in no time and this could well be the perfect entry level camera.

Canon EOS-1D mkIII
Price: £3,000
Stockists: www.canon.co.uk
The fastest digital camera in the world, this expensive offering from Canon can shoot a remarkable 10 images per second! Definitely one for the semi-professional, while it offers the same 10-megapixels as the above, the Canon is also in possession of exceptional processing power, allows an incredible amount of flexibility as a D-SLR, comes with a whopping 3-inch LCD display and had a build quality that would make a Sherman tank envious.

Okay, so that's quite the price tag attached, but if you're serious about your photography, this is the model for you.

Fujifilm S5700
Price: £320
Stockists: www.fujifilm.co.uk
A handsome halfway house between a compact and a D-SLR, the S5700 comes with a seriously meaty 10x optical zoom (far superior to digital zoom), some 7-megapixels and an intelligent flash system which produces better lit piccies. Much lighter than a real D-SLR, the clever Fujifilm offers far more flexibility than a compact, and is an ideal step-up model for those feeling limited by their compact but don't want to have to commit to the full-on expense and confusion of a proper D-SLR.

Vivitar ViviCam 7388s
Price: £130
Stockists: www.vivitar.com
Bargain basement time! Yep, if you're thinking of buying your first digital snapper but don't want to splash out too much in case you're mental enough to find it all absolutely abhorrent, then try this! There's 7-megapixels to play with and a 3-inch display. Reasonably rugged you can be pretty sure it'll take a battering without exploding and, while the menu system is a bit clunky and there is the odd quirk here and there, the Vivitar is capable of taking some surprisingly good shots. Okay, you're never going to win a photography competition shooting with this, but for day to day use, it's more than capable. ♣

TY'S THE LIMIT!

They don't come much better than this!

PHOTOS: JACKS

It's give us a pat on the back time again as we've only gone and tempted another tip-top stunner out of her clothes and into *Club International*. This delightful darling goes by the name of Tylar and, yes, she loves being tied up. But her kinks don't stop there...

"I love having threesomes," Tylar proudly declared when we asked her what else she was into. "A guy, a girl and me is the perfect combination. You can't beat it. I've had so many threesomes I've lost count, but you can't forget the feeling.

"Being an attention seeker, I always like to be the one in the middle of a threesome, so that means sucking off the man while the other girl licks me out or, my ultimate fave, getting my pussy fucked by the man while I go down on the girl. I've definitely mastered the art of keeping myself composed and focussed on pleasuring a girl's pussy with my tongue when I'm getting my own hole shafted hard by a man. But that's not to say I don't let myself enjoy the situation. I'm usually the first to come and, more often than not, I'm also the last!" ♣

" How does the second verse go again? "

PRIVATE DICKIN'

A jealous husband hired a private detective to check on the movements of his wife. The husband wanted more than a written report; he wanted video of his wife's activities.

A week later, the detective returned with a video. They sat down together to watch it. Although the quality was less than professional, the man saw his wife meeting another man. He saw the two of them laughing in the park. He saw them enjoying themselves at an outdoor cafe. He saw them dancing in a dimly lit nightclub. He saw the man and his wife participate in a dozen activities with utter glee.

"I just can't believe this," the distraught husband said.

The detective said, "What's not to believe? It's right up there on the screen!"

The husband replied, "I can't believe that my wife could be so much fun!"

FREEZE DIED

Two men waiting at the Pearly Gates strike up a conversation.

"How did you die?" the first man asks the second.

"I froze to death," says the second.

"That's awful," says the first man. "How does it feel to freeze to death?"

"It's very uncomfortable at first," says the second man. "You get the shakes, and you get pains in all your fingers and toes. But eventually, it's a very calm way to go. You get numb and you kind of drift off, as if you're sleeping. How about you, how did you die?"

"I had a heart attack," says the first man. "You see, I knew my wife was cheating on me, so one day I showed up at home unexpectedly. I ran up to the bedroom and found her alone, knitting. I ran down to the basement, but no one was hiding there either. I ran up to the second floor, but no one was hiding there either. I ran as fast as I could to the attic, and just as I got there, I had a massive heart attack and died."

The second man shakes his head. "That's so ironic," he says.

"What do you mean?" asks the first man.

"If you had only stopped to look in the freezer, we'd both still be alive."

IN THE SWING

A husband and a wife want to take golf lessons from a pro at a local golf club. The man and woman meet the pro and head to the driving range. The man goes up first. He swings and hits the ball 100 yards.

The golf pro says, "Not bad, but try holding your club as firmly as you hold your wife's breast."

The man follows instructions and hits the ball 300 yards. The golf pro says, "Excellent!"

Now the woman takes her turn. She hits the ball 30 yards. The golf pro says, "Not bad, but try holding the club like you hold your husband's dick."

She swings and the ball goes 10 yards to which the golf pro says, "Not bad, now try taking the club out of your mouth."

COME QUIETLY

A man went to the Police Station wishing to speak with the burglar they had arrested and were holding for breaking into his house the night before.

"You'll get your chance in court," said the Desk Sergeant.

"No, no, no!" said the man. "I want to know how he got into the house without waking my wife. I've been trying to do that for years!"

WHAT'S IN A NAME?

A man walked into a pub and immediately noticed a young lady at the bar on her own. After a couple of drinks he decided to offer her a drink and make small talk. She accepted.

"What's your name?" he asked her.

"Carmen," she replied.

"That's a nice name. Did your mother or father name you that?"

"Neither. I changed my name when I was 18 from Sharon to Carmen."

"Why did you do that?" he asked.

"Well," she explained, "I like men and I like cars, so that is how I got my name. What's your name?"

"Beerpussy," the man replied.

Do you like my bikini? It was given to me for my birthday by a good friend of mine and I absolutely love it. But then I've always loved bikinis. I wish the weather in this country wasn't so grim all the time because I'd love to wear a bikini every day of the year. In fact, I'll let you into a little secret: when I'm alone in my house I'll usually wear a bikini. I think it's because I've got so many of them but rarely have the chance to wear them – unless I'm off in some exotic location on a shoot, of course!

I guess I like wearing bikinis for the same reason I also like wearing lingerie – because it shows off my body. I know this sounds really vain but if I'm walking around the house and I catch a glimpse of myself in the mirror I can't help stopping and staring at myself *(We can't blame you! – Ed)*. Sometimes I might even have a little fiddle down below, which is very easy to do in a bikini, they're so easy to get in and out of.

Nothing beats wearing a bikini outside though. That really turns me on because then I know everybody else is checking out my body and it's not just me! It's a chance to show off my figure without shocking anyone. Not that I'm afraid to shock people, otherwise I'd hardly have-became a porn model, would I?

I also like checking out other girls in bikinis, so I can see how good their bodies are. It makes sense really, it's the nearest we can get to displaying ourselves as nature intended without getting in to trouble so I can get an eyeful of the 'competition' and if their bodies are that super I can always pleasure myself on sight. So in fact bikinis do exactly what they are intended for, they stop you getting too hot! ♣

take a bow!

What the...?! Club meet's the motor that would have Sigmund Freud scratching his head...

There's something about Austria and mental health issues. Take that geezer in the *Amadeus* movie. Locked up in an asylum. Bandages around his head. Ranting about Mozart. Mad as a Victoria sponge.

Then there are the motorbikes that come out of the country. You'd have to be unhinged to ride a KTM; whether it's an enduro, a supermoto or the 990cc V-twin Super Duke R, all the bikes in its range blend bonkers straight-line performance with the comfort of a torture rack and the practicality of a chocolate teapot.

And now, KTM is about to move from two wheels to four. The new X-Bow is as hatstand as Hitler, and according to the loons who came up with the idea, it promises to bring motorcycle thrills to those folk who don't hold a bike licence.

When the newcomer goes on sale next year, there will be nothing else like it on the road. And with good reason. The X-Bow has no windscreen – only a 70mm transparent wind deflector – while the designers seem to have forgotten about the doors and windows, too. So you're left completely open to the elements and in terms of styling, the KTM is more bike than car. And not even a properly fared bike, either. The few orange body panels are designed to have a 'floating' appearance, while there's a minimalist feel all-round. The lights are simple front and rear, with embedded indicators flush with the X-Bow's contours. And the carbon fibre monocoque that forms the basis of this incredible machine is proudly displayed. You think you're looking at a racing car that's been stripped down. But this is the finished article.

The utilitarian feel extends to the cabin. The open nature of the cockpit means there's no need for an elaborate heating system, while the traditional instrument display has been ditched, with all the essential dials simply being integrated into the hub of the steering wheel. What's more, the shells of the two seats are built into the monocoque; the chairs provide a limited range of movement, so it's the manually adjustable pedals that allow owners to change their driving position.

You needn't be too worried about bursting into some sort of Nikki Lauda fireball at the wheel, either. The X-Bow has been cleverly packaged to ensure it's actually quite safe, despite its looks. For starters, the concept of a carbon fibre monocoque has underpinned F1 racing cars for years, and the material's strength does enable the newcomer to provide decent protection in the event of a smash. Also, a crashbox has been integrated into the design at the front, while the silencer doubles as a crumple zone, too, absorbing the force of any impact at the rear. A pair of roll bars is neatly incorporated in the monocoque as well.

But let's be honest. The engineers at KTM couldn't really give a flying fuck about safety. The main reason they've plumped for this motorsport-inspired structure is for the benefits it provides in terms of driving fun. The use of the lightweight material helps keep the X-Bow's weight down; it tips the scales at only 700kg. This weight is also superbly balanced; the KTM has an incredibly low centre of gravity. Add a double triangular wishbone suspension set-up and a grippy combination of 17-inch front and 18-inch rear wheels – plus the complete absence of driver aids – and you have a car that handles like a go-kart. The steering is precise, provides masses of feedback and reacts instantly to your input, and with drive coming from the rear tyres, pushing on out of corners will always bring a smile to your face.

Even if you're not driving that hard, it's difficult to resist trying to find the limits of adhesion in this car. And if you're on the track, the most incredible power slides are just a shove of the throttle away.

Your right foot is hovering over the controls to one of the finest engines in the business. Sourced from Audi, the 2.0-litre direct-injection FSI turbo delivers 220bhp and 300Nm of torque. It's a development of the unit seen in everything from the TT to the VW Golf GTI, from the Skoda Octavia vRS to the SEAT Altea FR, and is mated to a wonderful six-speed manual gearbox. But while 220bhp doesn't sound much, when it's propelling an anorexic machine like this, the performance is simply incredible. The power-to-weight ratio is a match for those of supercars costing twice as much, so your wallet will be grinning as much as you are as you sprint from 0-62mph in less than four seconds.

With aerodynamics honed in motorsport giant Dallara's wind tunnel – plus the influence of racing technology in the underbody and the use of a rear diffuser – the X-Bow is aerodynamically superb, delivering around 200kg of downforce at 120mph. Meanwhile, the immense Brembo brakes, with 305mm discs at the front and 262mm at the rear, bring the car to a halt from 62mph in only 33.1 metres. So even if you're driving it to your local Aldi, this two-seater serves up a huge slice of fun and involvement. Yet find a favourite B-road, and you'll be beaming in your special X-Bow Dainese helmet and soiling your special X-Bow Dainese leathers at the same time, as it serves up thrills and terror in equal measure to those who dare to challenge it.

So by blending the best bits from the motorsport arena with KTM's immense two-wheeled know-how, the X-Bow brings all the fun of a motorcycle without the certainty of a messy and painful death. With the first year and a bit's allocation already snapped up, bosses are upping production at the Magna Steyr plant in Graz. And Austria's most infamous son would be proud of what they've achieved: the X-Bow offers a pure, undiluted driving experience, and is a master racer for the road. ♣

A certain member of our editorial staff is always getting ribbed by his colleagues for the amount of time he frequents the local gym. They can't understand why he'd prefer to spend his lunch hour amid an array of torturous contraptions, blaring dance music and beefcake poseurs rather than the comfort of the local boozer. Then Chanta threw a little light on the situation…

"If you want to be surrounded by the fittest women, get yourself to a gym. There's hot and sweaty babes every direction you look and they're clad in the sexiest figure-hugging kits you've ever seen. You don't even have to over-exert yourself, just look like you're working out and take in the spectacular views. Trust me, most of the girls are there to make themselves look good so they probably won't mind you checking out their form!" ♣

WHAT'S SHE LIKE? Knows what she likes in bed and knows how to get it!

WHY DID YOU WANT TO BE IN CLUB?
I'm always trying to shock my friends and I think they won't believe their eyes when they see this. My boyfriend is the only one who knows I'm doing this and he can't wait to wank over the pics!

WHAT ELSE HAVE YOU DONE TO SHOCK YOUR FRIENDS THEN?
I suppose the time me and my boyfriend fucked each other in full view of them at a party was pretty mad. We were playing naked Twister and got a bit carried away to the point my boyfriend started doing me doggy style while everybody was watching!

IS DOGGY YOUR FAVOURITE POSITION?
No, I prefer to straddle over a bloke with my feet either side. That way I get to control the pace and the angle at which I ride his dick. I really like to lean back as far as I can and bend my boyfriend's dick while I'm on top of him. It makes him shoot his load much quicker.

DO YOU TAKE IT UP THE ARSE?
I'm not mad about anal sex but I've given it a go plenty of times. I like to have my arse fingered while I'm having my pussy fucked but taking a cock up the rear can be quite uncomfortable. I guess I'm just not cut out for bum sex!

NEVER MIND, WE'RE SURE YOU GET UP TO PLENTY OF OTHER FILTHY THINGS?
Most definitely! I'd love to tell all your randy readers my naughtiest secrets but they'll have to ask to see more of me first! ♣

STAR RATINGS: ★ FLOPPY ★★ FLACCID ★★★ FIRM ★★★★ FULL ON ★★★★★ FUCK ME!

X-Girls (Private) — DVD

Uh-oh – there are loads of mutants on the loose, and they need rounding up! Well, that's just about the only connection between this spoof spuff-flick from Private and the *X-Men* franchise, but then where the mainstream movies had something approaching a coherent plot, some proper acting and plausible accents, this version's got plenty of cock to pussy/ass action to compensate. A reasonable cast, too, in terms of (not acting) talent, which includes *Club* fave Nikky Blond (taking a nice back-scuttling), extra-cute oriental babe Priva, not to mention Tera Bond and Nikki Rider. OK, so the sex is sometimes a bit formulaic (BJ, vag, then anal before an oral pop), but the girls are pleasing on the eye, and there's always the stilted English to keep you amused. ★★★

Smokin' Hot 2 (PlatinumX) — DVD

No daft dialogue or dodgy acting to worry about here – this is wall to wall gonzo. It starts nicely enough with latina pair Irena Sanchez and Eva Angelina sharing a stuntcock. No frills, but by the time the guy pulls out of one girl's pussy to shoot in the other's mouth, it's a solid enough scene. The next three are all single boy/girl efforts, featuring Tia Tanaka, Holly Morgan and Mckenzie Miles, and while they're all nicely enough shot they're a tad samey, which makes the appearance of Bobbi Starr in the final scene all the more welcome. After an anal drought throughout the rest of the film she's straight into a DP, and doesn't look back from there. Good for her! ★★★

The Party (Harmony) — DVD

Hmm, we've been to a few saucy bashes in our time, but sadly nothing quite as filthy as the party on display here. It kicks off in fine style, with studs and the girls sipping champers, but before you know it eager strumpet Nancy is tackling four cocks all on her own. Plenty of rudery here, until scene two brings us the filthy Annette Schwart, who unleashes a couple of ultra-sloppy BJs before taking a fierce double-dicking. A lesbian scene follows, crammed full of eye-bulging close-ups and whopping toys getting shoved everywhere, before we're back to boy/girl territory – and it's all full-on stuff! Good fodder for swinging fans and porno aficionados alike. ★★★★

Ghost Rider (Sony) — DVD

When characters like Mephistopheles start cropping up in films you have to assume that either Christopher Marlowe's back in fashion, or else it's a comic book adaptation. And given that this flick revolves round Nic Cage's motorcycle stuntman, it's a pretty safe bet it's the latter. Based on Marvel Comic's character of the same name, this is in no danger of being mistaken for one of Cage's indie efforts – it's a big, special effects laden spectacular, in which his Johnny Blaze (no kidding!) must take on the devil's son and win in order to regain his chance of lost love and, erm, save the world. Utterly bonkers, but good fun nonetheless. ★★★

Hannibal Rising (Momentum Pictures) — DVD

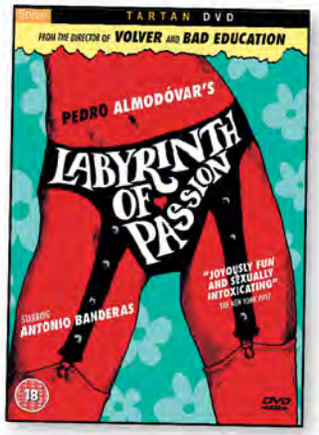
Here's a good quiz question; name three actors who've played Hannibal Lector. Everyone'll get Anthony Hopkins, a good few should remember Brian Cox, but the name Gaspard Ulliel doesn't quite trip off the tongue yet, does it? Still, the Frenchman does a reasonable job here, portraying cinema's most famous cannibal in an earlier incarnation, as we learn just what it was that turned him into the liver and chianti sipping psycho familiar from *Silence of the Lambs* and co. It's visually pretty impressive, not to mention gory (there are 18 minutes of cut footage restored for this release), so horror buffs should be happy enough. ★★★

Hanzo The Razor (Eureka) — DVD BOX SET

Ha-ha! Where have these films been all our life? We've got through our fair share of martial arts flicks – a few of them of the Samurai variety – but this trilogy from the 70s is a little bit different. Shintaro Katsu (the original *Zatoichi*) stars as Hanzo, the somewhat chunky sword wielding protector of justice who, when he's not chopping up the oppo, spends plenty of time wielding his pork sword in the direction of various women who need, umm, 'interrogating'. In other words, the three films in the set are kind of Samurai Blaxploitation movies, with plenty of violence, some amusing sex and a good funky score. Nice packaging, too! ★★★

Labyrinth of Passion (Tartan DVD) — DVD

Yes, this features Antonio Banderas in his first major role, but it's quite a long way from *Desperado*! He plays a gay Islamic terrorist (just the thought might get you a fatwa these days) in this 1982 offering from Spain's cinematic Godmother, Pedro Almodovar. Fans of the director's later works will probably find this a little rough and ready, but if they're interested in following the development of various themes in his works (love, sex, drugs and drags etc.) they might want to check it out. (Straight) Banderas fans might, perhaps, prefer to stay away. Still, there's a great cameo from a Borat lookalike near the end! ★★★



Them (Metrodome) — DVD

There's no escaping the new wave of horror – especially when the French start ditching their moody cigarette and tit laden reflections on life in favour of some good, old fashioned chills. Rather like 2004's *Ordeal*, this nerve-shredder is set in the unforgiving countryside, as the idyllic existence of a young couple who've moved to Romania is suddenly shattered by the arrival of a dark menace. However, whereas *Ordeal* (which, alright, was actually Belgian) was spun out into a rather elegeic and bizarre conclusion, this one's suspenseful from start to end. Not much gore, to be honest, but then that's America's forte, really... ★★★★

Sir Henry At Rawlinson End (Digital Classics DVD) — DVD

Alright, so this one came out a few months ago, but we somehow missed it at the time, and, well, we fancied blagging it. Originally a series of radio skits by Vivian Stanshall on John Peel's show, and then an album of the same name, this 1980 film stars the late Trevor Howard as permanently sozzled Sir Henry, who holds court over a selection of family and associated each weirder than the last. Stanshall himself also stars as Sir Henry's insipid brother Hubert, and the wordplay and general lunacy you'd expect from such a talent never lets up from start to finish. They don't make films like this any more, and they rarely did then. ★★★★

Oshima Box Set (Nouveaux Pictures) — DVD BOX SET

Two films on two discs barely scrapes into the 'box set' category, but given that the films are Nagisa Oshima's classic pairing from the 70s *The Realm of the Senses* (aka *Ai No Corrida*) and *Empire of Passion* (*Ai No Borei*), we'll let it pass. Released in 1976, the former wowed audiences with its blurring of porn and art (the action isn't simulated, so it pre-dated modern sexy art films like $9^{1/2}$ by nearly 30 years) in the tale of a pre-war brothel romance. The fact that *Empire of Passion*, which is similarly pervy, bagged the Director a Cannes Award show that these are more than skin flick. All the same, don't go watching them with your mum... ★★★★

THE COMING WEEK

I simply must tell you about the most amazing week of my life I've just had while on holiday in the Canary Islands.

Upon arrival at the hotel, I unpacked and put on my little red bikini. I covered myself in sun lotion and looked in the mirror. Not bad, even though I say so myself! I avoid junk food, exercise regularly and it pays off. My boobs are a good size, although they look bigger because I've got a narrow back. I've been told I've got a cute bum and my tummy is flat enough.

I settled down in the sun by the hotel pool and soon got talking to a guy next to me called Craig. He was friendly and had a muscular body and hairy chest, which I really love. He also had a good size package in his trunks. We chatted for ages and he asked me out that evening.

We had a couple of drinks in the bar and then went for a meal. We flirted and I noticed Craig taking glimpses down my cleavage. With such a low-cut dress and a push-up bra, I would have been disappointed if he hadn't. I invited him back to my room and was looking forward to being given a good fucking. I was hot and horny because I hadn't had a cock inside me for weeks.

In my room, Craig's tongue was in my mouth straightaway and he kissed my neck and nibbled my ears, which always turns me on. He unzipped my dress and I stood there in my bra, skimpy panties and high heels. As we continued to French kiss, he unclipped my bra and I groaned with the wonderful feeling as his warm hands caressed my bare boobs. Laying me on the bed, his lips moved over

"With his cock fully inside me, his fingers played with the tips of my hard nipples"

me. My large nipples are extremely sensitive and I gasped with pleasure as he slowly ran his hot tongue over them. He then flicked his tongue into my navel before reaching my panties. I lifted my bum and he pulled them off. I was completely naked and waited to feel his tongue between my legs. My pussy was so wet, I was desperate for a good licking.

He hesitated, so I opened my eyes and saw him remove his clothes. His stiff cock was a very respectable length and I knew I was going to have some fun with it. In seconds, he moved onto the bed and I gasped with pleasure and surprise as he suddenly pushed the entire length of his cock straight into me. He began to pump his beautiful cock in and out, and between his groans he complimented me on my sexy body. I held him close and we moaned together as he repeatedly thrust his hard cock into my hot, wet pussy. Pumping away for several minutes, he kissed my face and neck as he reached orgasm. Withdrawing at the last moment, he shouted loudly, his cock twitched and the come simply flew out, covering me from my pubic hair to my neck.

After a short rest we went into the bathroom and stood under the shower, giggling and kissing. Craig ran his soapy hands all over me, working his fingers into my bum crack, then over my boobs. My nipples were erect with excitement and they weren't the only thing erect either. Despite having just come, his cock was fully stiff again as I massaged it with my hands. Dropping to my knees, I took his purple head into my mouth and ran my lips and tongue over it. He moaned with approval as I tickled his hairy balls with my fingers and we were soon having a 69 on the bathroom floor. His tongue felt almost as long as his cock as he probed it into me making me wail with joy and it was all I could do to concentrate on sucking him in return.

Back in the room, he bent me over a chair and entered me from behind. I love it when a guy does me doggy and his cock felt even longer as he penetrated me really deeply. With his cock fully inside me, his fingers played with the tips of my hard nipples driving me wild and making me gasp louder and louder. We moved back to the bed and he was on top of me again, pounding into me and grinding against my clit with every thrust. His hairy chest tickled my nipples as he moved and I knew I was on the verge of coming. The feeling of his thrusting cock, the pressure on my clit and the sensation on my nipples was too much and I screamed to a shattering climax. Soon after, he came too, spurting his come in my hot pussy.

The next morning, we fucked again and I invited him to stay in my room. That set the tone for the coming week. No pun intended, but "coming" really is the word. When he wasn't coming in me, he was

coming over me, splashing my boobs and face. I lost count of the number of times we came as we fucked in every position imaginable and not just in the room, but on the balcony, in the lift and enjoyed midnight sessions on the beach, by the pool and in the hotel garden. I've had sex with quite a few guys before, but he was remarkable; all we did was eat, sleep and fuck! No sooner had we recovered from one session, than he was hard again and ready for more.

By the end of the week, my pussy was so sore that I could hardly walk straight. On our last night together, after giving me an earth-moving orgasm by flicking my clit with his tongue, I regretfully told him that I just couldn't take his cock in my pussy any more. He was very understanding, so he came up my bum instead. Twice! – *Emily, Wakefield*

"As she started to gasp I licked and fingered her pussy"

THE MATING GAME

When my best mate Darren asked me to fuck his girlfriend for him, I thought he was winding me up. I mean, why would anyone want someone else – especially a good friend – to shag their partner? It all seemed a bit weird to me. But Darren was relentless and kept on bugging me until I eventually agreed to it just to shut him up. Although I thought it was still quite strange I didn't mind because Darrens's girlfriend Hayley is fucking lush. She's a petite blonde with a tight body and a great tan. I knew this because she's always the first to get into her bikini when we have barbecues in the summer.

Once I had said I would do it, Darren told me to go round his house one evening when he was out. Apparently Hayley would be waiting for me. Sure enough, I went round there and she answered the door in a short silky dressing gown tied loosely at the waist.

"Hi, Steve," she said. "I've been looking forward to this. I hope you don't mind but I started without you."

I wasn't really sure what she meant by this until I followed her into the bedroom and saw a juice-ridden dildo on the bed.

"Here, have a taste of this," she said, offering me the dildo. I licked the side and savoured the flavour of her pussy juices before handing it back to her. She climbed on the bed and then undid her dressing gown. A fine strip of pubic hair led down to her succulent-looking pussy and that was all I needed to see. I quickly undressed and then joined her on the bed, burying my face between her smooth legs.

The taste of her pussy was divine and I lapped at her folds as if I hadn't licked pussy for years, which was near enough true. Hayley squirmed and wriggled as I tongued her, grabbing my head and pulling my face closer to her scrumptious slit.

Hayley is one horny girl and it didn't take much to get her coming. As she started to gasp at the top of her voice I licked and fingered her pussy. Pretty soon she couldn't take any more and moved round to grab hold of my dick. It was already hard but she literally turned it in to concrete by tugging on it while cupping my balls in her hand.

I turned on to my back and Hayley moved so that she could take my cock in her mouth. I gasped as her lips sealed around my girth, then she looked up and kept eye contact as she slid down my prick, right to the hilt.

Darren is one lucky fucker because I had never been given a blowie like the one Hayley gave me. She obviously liked deep-throating but it wasn't just what she did with her mouth that made it so special. She caressed my balls and even prodded at my arse hole with one finger, causing me to get even more aroused. I could have easily shot my entire load in her mouth at that point but I knew when I started fucking Hayley it would be special.

"My body froze for what seemed like ages and the spunk began to flow"

After sucking my dick for a while she eventually came up for air. It was at this point I got a proper look at her tits. They aren't particularly big but after groping them I realised how firm they were and her pointy nipples were as hard as bullets. As I tweaked them Hayley gave out little whimpers and this really turned me on.

I could have played with Hayley's delightful nipples for ages but it seemed she had even greater fun in store for me. She straddled over me, held my dick upright and in one swift movement impaled herself on it. It sent a little tingle up my spine and I was worried it might have triggered my orgasm. Fortunately it didn't and I was treated to a good hard riding by Hayley.

Now I've shagged a fair few girls in my time but I don't think any of them have been as animated as Hayley was then. She was bucking and swaying so hard as she rode me the bed was making a really loud creaking noise. I seriously thought it was going to break.

Hayley's pussy felt really tight around my dick and I was enjoying her doing all the work but I wanted to take control. Using my own strength I lifted her petite body up and turned her on to her back, so I was now on top. We were face to face as I started to pound in and out of her. She had a broad smile which turned to a look of utter ecstasy every time I pumped my length inside her. Her eyes got even wider when I grabbed her ankles and pushed her legs back, almost behind her head. She was very flexible and this inspired me to start doing her in all sorts of crazy positions. At one point she was hanging off the bed while I did her sideways but it wasn't long before I couldn't hold on any longer.

I pulled Hayley back on to the bed, got on top of her again and proceeded to hammer the final strokes home. Her legs were wrapped tightly around my body and she started wailing as she was obviously having another orgasm in time with mine. My body froze for what seemed like ages and the spunk began to flow. I was knackered but I delivered my very last thrusts with all my might, gushing her pussy with my hot cream. Hayley seemed oblivious to it all as her own body was being swept by an almighty climax. When her groans got quieter I slowed down and pulled out. A trickle of sperm exited her pussy, clearly mixed with her own juices.

"Right, can you do every Tuesday?" Hayley asked once she had regained her breath. I'd thought it was a one-off but after the fuck I had just had I was more than happy to come back for more.

A few days later I met up with Darren and he thanked me. Then he explained that he and Hayley were experimenting with an open relationship. While I'd been fucking her, he was having sex with some girl he worked with. Well, if he's happy with the arrangement we have now, then so am I! – *Steve, Gloucester* ♣

SHAVEN THEN STIRRED

I've always loved looking at the shaved models in your mag and hoped one day to persuade my girlfriend to shave for me. I'd had little luck until Wendy eventually agreed to it – even going so far as offering to shave in front of me.

Wendy is a brunette, about 5' 4" in height, and has lovely long legs, sexily curved hips and good-sized pert breasts. She is very sporty in a feminine way and loves to show off her body. We had been going out with each other for about three months when she offered to shave in front of me. I was very excited by the prospect and turned up at her house with a bottle of expensive wine and a can of shaving gel.

When I arrived she had nothing on except a short T-shirt. Laughing, she accepted the gifts, and stopped to pick up two glasses, before leading the way to the bathroom.

She pulled off her top and turned on the shower while I undressed and began to slowly stroke my cock. Soaping herself as the water ran down her body, Wendy began to massage and play with her breasts, squeezing and caressing them as the warm water washed over their soft curves.

Removing the shower-head from its wall-mounting, Wendy directed the spray against her pussy, soaking her soft pubic curls. She then gently teased her labia apart so that the jets of hot water sprayed directly into her pussy. Her breath started to come in tiny gasps as the hard jets repeatedly struck her clitoris, stimulating her to orgasm. Holding the shower-head in her hand she caressed it as if it were a cock,

"I began to inspect the smooth silkiness of the fragrant ravine between her buttocks"

rocking it back and forward between her thighs and caressing her labia with it as her orgasm slowly subsided. As I watched all this my penis grew so big it almost became painful, but her performance wasn't over yet!

Stepping from the shower and seating herself on the toilet lid, she drew up one long leg and commenced to lather her bush, working the shaving gel into a fluffy foam with both hands. Occasionally dipping her fingers into her slot, she stimulated herself with her soapy fingers. When her muff was completely covered with the white foam, she reached for the razor and began to remove any and all trace of hair. With a finger still buried in her fanny, she managed to splay her fingers in such a fashion as to hold her pussy wide so that she could reach any stray hairs in the inner contours of her opening.

Again she repeated the erotic display in the shower, caressing her wet body under the spray as she rinsed the

shaving foam from her pussy. Then, clambering back out, she dropped to her knees on the bathroom floor, and, reaching back, squeezed some shaving gel into the crevice between her succulent bum cheeks, working the gel into a foamy lather as her fingers playfully circled the outline of her exposed, rosy ring.

Unable to remain watching from the sidelines any longer, I joined her on the floor, and, taking up the razor, ran it carefully between her arse cheeks while Wendy held them apart for me. When I was satisfied that all trace of hair had been removed, I helped her to her feet, and took her in my arms. As we embraced, my enormous stiffy prodded her in the lower abdomen, and, laughing, she remarked that if I waited for her to rinse off she would help me "relieve the swelling".

She smiled, then went to fill our glasses with the vino I'd brought. Bringing the glasses with us, we moved to the bedroom. Sipping the wine, I lay beside her on the bed and ran my hands over the soft, smooth contours of her body. I began to explore her to check that she was indeed as perfectly smooth as she looked. As she lay stretched out on the bed I licked her newly shaven pussy. Then, turning her over, I began to inspect the smooth silkiness of the fragrant ravine between her buttocks. When I licked her deep furrow, she moaned and squirmed under my tongue's caress, attempting to steer it to her puckered anal entrance. I knew where this was going and was well up for it.

Wendy knelt, spreading her legs, and watched over her shoulder as I positioned myself between her thighs. I teased her with my cock, putting the tip near her gaping cunt lips and withdrawing it as she pushed her hips back in a vain effort to impale herself. Laughing at her antics, I plunged my penis into her wet pussy with one stroke. Then, having lubricated it in her pussy juice, I pulled out, and positioning my knob at her anus, I gently poked my prick into her arsehole.

"Wendy let out a satisfying groan as I finished off up her arse"

She cried out in pleasure as I slowly ventured deeper, allowing her sphincter to widen and accommodate my full length. Bracing her hips with my hands, I began to shunt my cock back and forth in slow steady movements. Her pelvis was grinding hard enough to stretch her sphincter around me, and at the end of one smooth plunge I was inside her rump right up to the hilt.

As I fucked her gorgeous bum I could feel my balls slapping against her delightfully bald pussy. Excited by her new smooth look I began to employ even

longer, harder strokes, slamming my penis deep into her rectum. Eventually, unable to withstand the intensity of pleasure an instant longer, I exploded inside her arse, my balls pumping as though they just weren't going to stop.

Wendy let out a satisfying groan as I finished off up her arse and then pulled out my withering penis. "I guess I'd better get back in the shower," she remarked, surveying the globules of come flowing out of her ravine and seeping out of my cock. With such an excellent start to the evening it could only get better! – *Jack, Burnley.*

SWELL SURPRISE

I shall never forget the first time I ever took it up the arse because, among other things, it was the best night of my life. I'd been flirting with this guy at work for weeks and hadn't been getting anywhere. Scott was a right hunk and all my female colleagues liked him too. I personally thought I didn't have a chance but then one Friday after work we all went down the pub and my fortunes changed.

In the pub all the girls were flocking around him, being so obvious, but Scott took it all in his stride. He was hot stuff and he knew it. I'd like to think I drink quite responsibly but I must have had a few more than normal because as a lot of my co-workers filtered home I eventually found myself alone in the pub with Scott.

"So how are you getting home, Melanie?" he asked as we finished our drinks.

"Erm, I'm not sure," I replied. "I'll probably get a cab."

"Well, you're welcome to stay at mine," offered Scott. "I only live round the corner from here. We can walk it in five minutes."

The decision of whether to stay at his or go home was a no-brainer and I immediately took him up on his offer. We downed our drinks, grabbed our coats and left. On the short walk

back to his I got enough fresh air to get me thinking straight and realise I could end up in bed with him. He was a bloke after all! Sure enough when we got back to his place I literally threw myself at him. We started snogging on the landing and by the time we'd got to his bedroom we were both naked.

"You sure you want to do this?" Scott asked as I made myself comfy on the bed – with my legs wide open.

"Yes," I replied, stroking my clit. "Can't you hear my wet pussy calling you?"

Scott grinned and wasted no time in diving between my legs. His tongue took over from my hand in pleasuring my nub as I clamped my legs around Scott's head. He licked my pussy for all it was worth and I pressed my groin against his face to ensure maximum pleasure.

When I had my first signs of an orgasm from Scott licking me out I relaxed my legs and allowed him to pull away but he seemed quite content on continuing to service me orally. Then his tongue moved down from my slit and crept between my bum cheeks. It was a whole new sensation for me but I quite liked it, especially when the tip of his tongue swept over my sensitive ring. I reached down to pull my arse cheeks wider so Scott could tongue my bottom and it really tickled.

I was quite disappointed when he pulled his head away, but it was only to ask me to turn over. I did so, twisting on to my hands and knees and raising my bum up in the air for Scott's taking. With his hands he pulled my cheeks apart and once again buried his face in my arse. This time his tongue was much more frantic and soon it was joined by a finger. I winced as he pushed a digit into my tight hole and then shivered as I felt it burrow up there.

"Does that feel OK?" Scott asked.

"Mmm, it sure does," I groaned back.

"Mind if I put this up there?" Scott then questioned, grabbing his stiff dick in one hand.

I was a bit nervous at first because his cock looked quite big compared to his finger, but knowing I'd never have a chance like this again with a hunk like Scott, I agreed. But not before having a taste of his cock.

Turning round on my hands and knees I had my face level with Scott's groin and took him in my mouth. I wasn't a stranger to sucking cock as my ex-boyfriend had loved me giving him head so Scott was in for a real treat. I took his whole length to the back of my throat and proceeded to gobble him off. He was clearly loving it although he hadn't neglected my arse and was awkwardly reaching behind me to finger my tight brown hole.

When I knew I had got his prick firm enough, but more importantly wet enough, I let go of it and told him he could now stick it up my bum. With a delighted look on his face, Scott turned me round and spread my bum cheeks. I braced myself as I felt him rub his tip against my arse and then with one slow surge he slipped in.

Wow, did I feel it going in! Every inch could be felt as it stretched my back passage to a width it had never been before. I had to bite a pillow after the third inch of Scott's hard dick was inside me. Breathing erratically I soon got used to the anal intrusion and once Scott was reassured that I was alright he started to pump in and out of me.

"I only realised he had come when he whipped his prick from my bottom mid-spurt"

Every stroke was soft and gentle but I certainly felt it. Scott grasped hold of my buttocks to steady himself as he got a little bit faster and a little bit deeper. I reached back with one hand and began to fiddle with my clit. My pussy was already nice and juicy so it felt great.

By the time Scott had reached a faster tempo I was strumming myself towards an orgasm. When it arrived it was so powerful I was swept away with the sensation and didn't actually realise Scott was coming too. I only realised he had come when he whipped his prick from my bottom mid-spurt and the rush of air engulfed my hastily narrowing bum hole. The ensuing shower of Scott's hot cream rained down on my buttocks as I slumped face down on the bed.

Scott clearly wasn't a love 'em and leave 'em type, as he massaged the spunk into my arse cheeks and then took me in his arms.

"First time up the arse, eh?" he whispered.

I nodded back with a guilty smile, while thinking to myself it certainly wouldn't be the last! – *Melanie, Norfolk* ♣

WISHES DO COME TRUE!

Tongues are wagging – Jo and Sandy must be back together!

JO & SANDY

PHOTOS: VLT

If there's one request that we get more than any other from you lot it's to see some of Club's finest fillies pairing up. What with the girls' busy schedules getting two of them together at the same time is a lot harder than you think. But old favourites Jo and Sandy were begging to get back together in front of the camera, so how could we refuse?

"I never tire of working – and playing – with Jo," Sandy confessed. "She's got the most amazing cunnilingus technique. Men usually just tend to make circular movements until they think I'm ready to be fucked but Jo is much more creative than that! She goes everywhere and anywhere with her tongue and won't let up until I've orgasmed. She should be really proud of her pussy licking technique."

"So should you," replied Jo, "you were the one that taught me it!" ♣

The Club International Stereo of Filth & Love!

Brought to you by Club's drug-addled music madman DJ Radio Jamaica

Velvet Revolver
Libertad (RCA)
Ex-Guns'n'Roses and Stone Temple Pilots boys release another album purely to keep the conveyor belt of fresh young pussy running nice and smoothly – and why the devil not!? It's the perfect excuse to play a bit of naked air guitar with the Mrs before inserting a bottle of Bud and giving it rock star large.

Garbage
Absolute Garbage Ltd (Warners)
Twelve years ago when Garbage first kicked off, Shirley Manson was a sexy little unit who you would have loved to have nailed in the trash can. Time may have taken its toll somewhat, but she's whipped up a two-CD best of completely out of nowhere – just to remind you of the good times. Surprisingly enough, it's a decent listen – especially the second CD with fourteen remixes from the likes of UNKLE, Timo Mass, Roger Sanchez and Felix Da Housecat.

Super Furry Animals
Hey Venus (Rough Trade)
Well, they say the man don't give a fuck but Gruff Rhys obviously cares about that royalty cheque and has just wacked out the Furries' eighth album. Back in the day when they were all knocking about with Howard Marks and taking loads of drugs – everything was hunky-dory. But now that they're all getting married, having kids and what have you, the big party has come to an end and the music's gone a bit dull.

UNKLE
War Stories (Surrender All)
Kings of the 'post club house party keep on gettin wrecked' variety, UNKLE always like a dabble on the collab front. This time they rope in The Cult's Ian Astbury and Queen of the Stone Ages's Josh Homme for vocals and even sing themselves on a couple of tracks.

Kanye West
Graduation (Mercury)
Puff Daddy tried to break into the electro market and fucked up. Now we've got young Kanye getting his hands dirty and nicking a Daft Punk sample. It's no blow-job from Beyonce, but the boy's done good.

WITHIN THE ENEMY

After supporting the Manics and a Top Ten single, Club chats to The Enemy drummer and chief fingerer Liam Watts...

In life, what's been your biggest cock-up to date?
Not rattling this girl round our area when I was younger. She weren't the "Freddy West" back in the day when she was all over me like a cheap suit but now she's mustard and I see her around. I had the chance and now I look at her and think "You fookin' turkey!" She turned into an absolute corker overnight. She is mint! Proper wounded, ha ha ha!

She'll be back soon, sunshine! Have you ever knocked the fuck out of someone?
When we did a gig in Leeds we had a right old tear up! We were all sat in our van when some local pikes had a pop at getting in the van. The windows were blacked out and they didn't know we were in there whilst they were picking the locks. We all had balaclavas from a previous photo shoot we wore for the craic, so we slipped them on and got armed with bottles. They pinged the door open thinking they had opened up to fleece the van of our laptops but no – they saw three balaclavered, tooled-up lads! There were six of them. Luckily our tour manager, manager, and his bird saw what was happening and steamed over too. Got fookin' well on top, went off big time, then fans saw it too, so there were about fifty of us then and we ran them into the middle of Leeds. Top buzz to be fair.

Where have you been on the planet that you fuckin' loved?
Just went to Sweden. Fuck me I thought it was a myth – it ain't! My neck's killing, fandango everywhere. Beautiful women. We also just went to Austria for a snowboarding/music festival. Was amazing over there – beautiful scenery, women, beer, fresh air, and boarding – loved every minute of it.

Sounds grand. What kind of porn do you like?
I don't like no candy floss fanny. A mate of mine has a recording studio and he has a box of 70s porn. Hats off to your parents – fanny back in the day was proper bushy, like eating wire brush with the added surprise of a bit of fish paste if you were unlucky. Tera Patrick is mint. Bobbi Billard is a mate of ours on myspace. Jenna Jameson – got a few clips of her getting rattled on my phone, lovely girl. Would smash all of them.

Wouldn't we all? Tell us a story that involves fingering girls.
At our last Coventry gig I pulled a nice bird and we were all watching everyone have a dance from the balcony and my mates were waving up. Little did they know as I was stood behind her peering over her shoulder, I had two fingers up her arse and two in her pussy – her legs were shaking, ha ha ha! They didn't know. Later on she was cumming that much I reckon I could have dived in there head first without touching the sides – nice.

Quality. When you're doing the biz, what do you like the most – bum sex, cumming on a girl's face, or getting them to finger themselves in front of you?
Cumming on a girl's face is ace. There is just something controlling about it. And they fookin' love it. Brown wings, I've got them, that ain't bad either. Especially when you watch them leave the house walking like John Wayne. Makes you feel like busting out a cigar and toasting yourself as a proper man.

Nice one, Liam. Keep on sticking your fingers up young girls' arses.

The debut album We'll Live And Die In These Towns is out now! ♣

A NICE TOUCH!

No, we're certainly not talking about May's choice of colours!

PHOTOS: 21ST SEXTURY

As you've probably guessed from all the garish black and red in these photos, May's the type of girl who likes to stand out. She also likes to lay down, preferably with her legs open and something long and hard being inserted in between. As there weren't any stunt dicks to hand she had to let her fingers do the talking…

"Fingers are the best part of the body, don't you think? Well, after all the sexy bits like tits, bums and fannies, of course. I'd be lost without my fingers, or rather I'd be extremely frustrated. I'm the type of girl that gets very horny, very quickly and if I don't satisfy myself I get a bit wild. So it's just as well my fingers can do the same job as a big, juicy prick. And they've come to the rescue on more than one occasion, I can tell you. My fingers, that is. Although I've had my fair share of big, juicy pricks come and save me!" ♣
